

ICAEEdu 2017

International Conference on Alive Engineering Education

21-23 June 2017, Rio de Janeiro, Brazil

Subject: Video Presentation Guidelines

Dear **Author**,

Thank you for your interest in International Conference on Alive Engineering Education (ICAEEdu) in Rio de Janeiro, Brazil. If your paper was reviewed and accepted for **Video Presentation** at the conference, please follow the following instructions for the video production:

1. The total duration of the video should not exceed eight minutes, including the title and the credits.
2. The video should include a short presentation of the paper. Please do not use music in the video presentation.
3. The title and the narration of the video must be in English.
4. MPEG-2 (also known as H.262) or the H.264 codec can be used as video file formats.
5. Recommended resolution: High Definition (HD), 1.280 X 720 pixels.
6. Videos should not promote any company or logo, acknowledge sponsorship or promote commercial products.

Please send us the video until **9 June 2017**.

Best regards,

Secretariat
